DESCRIPTION

The Land Rover Reborn programme was launched in 2016 by Jaguar Land Rover as a run of 25 factory restored vehicles from the original 1950's Land Rover production run. The spaces filled very quickly. This vehicle, Reborn Car 12 was ordered by it's first owner who wanted it to be as close in specification to the Reborn 'Car Zero' vehicle which was used as the publicity and press car. An Australian delivered 1951 model assembled by Annund and Thompson in Brisbane was sourced of the same model year as Car Zero from Rockhampton Queensland. The vehicle was very exceptionally original and returned to the UK in 2016. The restoration completed in 2017. The vehicle has cover only a few hundred miles and is a delight to drive.
