DESCRIPTION

An early "flat-floor" E-type, this car left the factory in October 1961 and was sent to the USA via Jaguar Cars New York. The car has been meticulously restored by a marque expert, with the intention of being as close to how the car was built in 1961. Correspondingly it is finished in its original colour scheme of Opalescent Gunmetal, with Red leather interior. The car still retains its original "matching-numbers" engine and 4-speed "Moss-box" gearbox. Other than test-mileage the car has been unused since restoration and is ready to be enjoyed by its next custodian.
