Introduced in 1961 and pronounced as the most beautiful car in the world by Enzo Ferrari the Jaguar E-Type is truly an iconic car. This car has been subject to a total frame off nut and bolt restoration to very high standards. The attention to detail, fit and finish is truly exceptional. Only 200 test miles have been completed since, it sits today in as new condition. During the restoration the car was upgraded to enhance the driving pleasure. The following items have been upgraded: 5.5J Chrome spoke wheels, 5 Speed Gearbox, modern lower profile tyres, upgraded brakes and calipers. Upgraded suspension, upgraded cooling system, upgraded reclining seats for further rearward travel and recline. Period radio with modern internals to provide bluetooth capability for phone and music. Available to drive away today. We ensure only the highest standards and are happy to include a comprehensive warranty package for 12 months and unlimited mileage.
