Description

This is a remarkable one family owned rare XJS 6.0 car with two family members from new. Just over 115,000 XJS cars were built between 1975 and 2006 and of these fewer than 2% of cars built with the more powerful 6.0 litre engine. There is a comprehensive history file with this car and it has been meticulously maintained throughout its ownership; firstly with Jaguar dealerships and later with independent specialists. Covering just under 60,000 miles this car will be offered with a full one year Jaguar Land Rover unlimited mileage guarantee, full service and new set of tyres.
