Description

Forming part of a three car collection owned by renowned XK restorer and subject matter expert James Sidwell of Sidwell & Co. A very desirable 3.4 XK150 Roadster, this left-hand drive car has been restored by Sidwell & Co and has subsequently been used for continental touring, hence the decision to leave it as left hand drive. Finished in an eye-catching combination of silver with dark red leather trim, the car looks and drives incredibly well. Fitted with a five speed gearbox, high torque starter, dynator and halogen headlights the car is perfectly set up for touring Europe and beyond.
