Registration	TC225846
Registered	1969
Fuel Type	Petrol
Tax Band	N/A
Colour	Yellow
Engine Size	4.2 l
Interior Trim	Black
Fuel Consumption	N/A

Description

This particularly beautiful example of a late Series 2, coupé, is finished in its original factory colour scheme of Primrose yellow, with a black Connolly leather interior and chrome wire wheels. It was manufactured in June 1969 and was originally exported in LHD format to New York in the United States of America. Since then, the car spent a number of years in Italy prior to its recent repatriation to the UK, where it now carries an appropriate UK registration number. With only 66,191 miles recorded, the car presents with excellent panel fit and paintwork throughout. Unusually and as further evidence of its exceptional originality, the car also retains many of its rare to find factory fitted parts, such as the Browns Lane tool kit.
