Description

The Defender is a real collector's item due to its rugged, eye-catching appearance and its unique level of robustness and capability, allowing it to overcome almost any obstacle. Likewise, the unique driving feel of the Defender is maintained through its manual gearbox and Command driving position – characteristic features that identify the vehicle and make it such a highly sought-after model. Despite its extremely good off-road capability, the luxury feel of the vehicle has not been compromised. This model includes driver aids such as ABS and ETC, as well as comfort features such as a sunroof; reinforced suspension with stabilisers front and rear; and the Winter Package (includes heated windscreen and seats).

Jaguar Land Rover Classic UVL
