Description

Honouring the original Defender's formidable 70-year expedition legacy and illustrious role in the world's most iconic and demanding all-terrain competitions, Land Rover Classic introduces Defender Works V8 Trophy II. This vehicle recently participated in a three day ultimate off-road competition experience in Staffordshire. Finished in Fuji White with contrasting Narvik Black roof and Gloss Black exterior elements, and featuring a 5.0 litre petrol V8 engine and eight-speed ZF automatic transmission, Defender Works V8 Trophy II delivers 405Ps and 515Nm of torque. Gloss Black 18-inch Sawtooth alloy wheels are complemented with upgraded brakes, suspension and handling kit for additional driving confidence. Its distinctive adventure inspired camouflage features the iconic silhouette of Defender and Series Land Rovers hidden amongst the 23 locations that have played a part in Land Rover's illustrious adventures and historic off-road challenges. Accessories include multi-point roll cage and ladder, mud-terrain tyres, spotlights, raised-air intake, vehicle

winch and under-body protection; attributes to take on the journey of a lifetime. Recaro sports seats are finished in high-quality black and white Windsor leather with contrast stitching, combing support and comfort. The leather trim extends to the dashboard, doors and headlining, ensuring a handcrafted finish throughout. A beautiful analogue dashboard clock designed and crafted in collaboration with adventure watch maker Elliot Brown, is the centre piece of the dashboard, with a unique face mirroring the exterior camouflage design.
