Description

This 110 Defender is from the last few months of production, having been built on 19th October 2015. Owned from new by JLR and part of the VIP Fleet, having been used very sparingly it has covered just over three thousand miles. Finished in Aintree Green Pearlescent paint, it is a top-of-the-range XS model and the specification includes heated seats and windscreen, air conditioning, "Boost" alloy wheels and part-leather upholstery. The vehicle is in exceptional condition and has been beautifully prepared for sale here at Jaguar Land Rover Classic. The vehicle is VAT-qualifying and the price advertised is inclusive of VAT.
