2015 Land Rover Defender

110 XS

SN65LBJ

£64,950

2015	35546mi	Santorini Black
Ebony	Manual	2.2L Diesel

DESCRIPTION

This late 2015 Defender 110 Landmark was manufactured in November, just a few months before the end of production of the Defender at Solihull. Finished in Santorini Black with Ebony leather premium seating the vehicle has air conditioning, heated seats and heated windscreen as part of the standard specification. Over and above this it has been further upgraded with the Land Rover Classic Works upgrade package. This consists of uprated springs, dampers and anti-roll bars, improving the on-road performance of the car without compromising it's off-road useability. The kit also includes an improved braking system with larger discs and calipers – the same system as was developed for the 400bhp Works V8 Defenders. Finally a revised engine tune delivers 150PS (up from 122PS), with torque increased to 400Nm (from 360 Nm). Finally a set of 18" "Sawtooth" alloy wheels, with matching tyres are fitted along with exclusive "Works" badging.
