DESCRIPTION

This Jaguar XJS Celebration edition combines timeless elegance with modern refinements. Standard features include ABS, air conditioning, an electric soft top, electric windows, driver and passenger airbags, and central locking. The final facelift arrived with the 1994 model year, bringing technical upgrades that enhanced both performance and efficiency. At its heart is Jaguar's 4.0 litre six cylinder engine, paired with a contemporary 4 speed automatic transmission, delivering improved driving dynamics and fuel economy. To mark the 60th anniversary of the Jaguar name, the Celebration edition was introduced. It distinguished itself with high quality leather upholstery, chrome plated exterior mirrors, and exclusive alloy wheels. This particular example is finished in striking Signal Red with a Coffee leather interior — a colour combination that perfectly balances sportiness and sophistication. Imported from California in 2019 with just 11,664 miles recorded, the car was sold to its current owner and has been carefully serviced and maintained by us ever since. With exceptionally low mileage, excellent condition, and generous luggage space, this XJS offers both great driving pleasure and strong investment potential. The MOT and inspection have just been completed, making the car fully ready to enjoy.
