DESCRIPTION

The revised F PACE SVR launched in 2021 was available with Jaguar's 550PS 5.0 litre V8 Supercharged petrol engine, with 700Nm torque – an increase of 20Nm over the previous model. This uplift in torque delivers enhanced performance, with the F PACE SVR capable of 0 60mph in 3.8 seconds (0 100km/h in 4.0 seconds), three tenths of a second faster than before, and a top speed of 178mph (286km/h), an increase of 2mph. The powertrain now features the same torque converter used in the record breaking Jaguar XE SV Project 8 sedan, to withstand the higher loads produced. The 5.0 litre V8 Supercharged petrol engine is paired with Jaguar's ultra responsive, smooth shifting eight speed automatic transmission which delivers rapid gearshifts for effortless performance, while adapting the way power is delivered to suit the driving situations. This car was originally part of JLR's own fleet, and has covered just over three thousand miles. It is finished in Santorini Black with Ebony Alcantara Performance seats. Available directly from Jaguar Classic, the car will be supplied with 12 months warranty and roadside assistance.
