2016 Land Rover Defender

90

R90TUF

£64,950

2016	2456mi	Keswick Green
Grey	Manual	2.2L Diesel

DESCRIPTION

This Defender 90 Station Wagon “Base Model” was built in early January 2016, just a few weeks before the last “L316” Defender was produced, and registered at the end of that month. Its one and only previous owner purchased the vehicle from Kentdale Land Rover in Cumbria and has covered less than two and a half thousand miles. Unusually for a 2016-built Defender it is in “base specification”. The vehicle was upgraded by Land Rover Classic in 2021, the work included fitting Air Conditioning, a Classic Infotainment System, Heavy Duty Steel Wheels and a Defender Classic Works Upgrade kit. The Classic Works Upgrade kit consists of upgraded brakes and suspension, power upgrade to 155PS and Defender Classic Works badging. The Defender has been prepared by Land Rover Classic for sale and will be supplied to its new owner with 12 months warranty and roadside assistance.
