Ivory	Automatic	5.L Petrol

DESCRIPTION

The XK philosophy was totally re-energised and reinvigorated in 2007 by the introduction of the latest generation XK with its all-aluminium bodyshell and cutting-edge technology. The contemporary fusion of dramatic sweeping curves with low-riding profile epitomises Jaguar's reputation for stunning and seductive design. It is a philosophy that continues to live and evolve in the latest XK Signature, XK Dynamic R and XKR-S. Each is designed to deliver a unique combination of breathtaking performance and uncompromised luxury that makes every journey unforgettable.XK is designed and engineered in two bodystyles, Coupé and Convertible. Both are built in aluminium to combine lightness with strength and rigidity, every surface is sculpted to create a visual energy, with the outer aluminium skin stretched taut over the body structure. Using technology derived from the aerospace industry, the all–aluminium body construction is fundamental to the way the car performs and is the key to great handling, superb performance and impressive efficiency. What's more, with Jaguar's commitment to sustainability, 50 percent of XK's body structure is made from recycled aluminium.The car for sale here is a 2014 XK Dynamic R featuring the 510PS Supercharged 5.0 V8 engine. Finished in Stratus Grey with Ivory leather

interior. Originally a demonstrator for the Jaguar retailer in Brentwood, it has had just one owner since. Prepared for sale by Jaguar Classic and supplied with 12 months warranty and roadside assistance.
